

# RightFind<sup>®</sup> XML for Mining

*Improve your text mining results with full-text XML articles*

RightFind<sup>®</sup> XML for Mining from RightsDirect takes your text mining projects beyond abstracts to give you direct access to full-text scientific, technical, and medical content in XML format. Now you can identify and download full-text article collections from multiple publishers through a single source and import those results into the text mining software you prefer. You'll save valuable time otherwise spent acquiring, licensing and converting articles from individual publishers. XML for Mining gives you more accurate and richer results enabling you to make discoveries that can only be found in the full text.

**BUILD A COLLECTION OF  
FULL-TEXT ARTICLES IN  
XML FORMAT FOR MINING**

**XML for Mining**

Identify full-text articles.

**XML for Mining**

Download full-text,  
XML versions of articles.

**Text Mining Software**

Import into your preferred  
text mining software.

## Features and Benefits

### IMPROVE THE RESULTS OF YOUR TEXT MINING EFFORTS

XML for Mining enables you to make discoveries and connections that can only be found in full-text. You can obtain XML-formatted content from publications you subscribe to and discover articles that fall outside of company subscriptions, giving you the most complete article collection for mining.

### SIMPLIFY COPYRIGHT COMPLIANCE

Because all of the content in the service is pre-authorized for commercial text mining, you get the peace-of-mind that your text mining projects comply with copyright, minimizing your organization's infringement risk.

### SAVE TIME AND MONEY

XML for Mining aggregates article content and normalizes metadata from multiple publishers into a secure cloud for fast and easy access, reducing the time and costs associated with article conversions, content management and negotiations with publishers. You get more time to focus on analysis and discovery.

**RightsDirect**

A Copyright Clearance Center Subsidiary

RightsDirect provides licensing solutions that make copyright compliance easy, allowing companies to re-use and share the most relevant digital content across borders. With RightsDirect copyright licenses and complementary information management tools, users can instantly check license coverage, manage permissions and optimize content workflow in one integrated solution. Based in Amsterdam and with a presence in Munich and Tokyo, RightsDirect is a wholly-owned subsidiary of Copyright Clearance Center (CCC). Together, CCC and RightsDirect serve more than 35,000 companies and over 12,000 publishers around the globe.
