

With RightFind Cite It
You Can:

RightFind Cite It

When authoring content and submitting articles for publication, reference management shouldn't slow you down. But it can — because manually creating citations and adhering to the complex rules of various style formats isn't easy — it's error-prone.

RightFind Cite It keeps reference management simple, by offering an easy-to-use tool that automatically formats bibliographies with the styles and citations you value, saving you manual work and time. RightFind Cite It is available on Windows and Mac.

Add citations easily with an intuitive user experience

Skip manual citation creation

Choose from a variety of different types of content

Get access to a catalog of over 140 million citations, including 3+ million open access articles

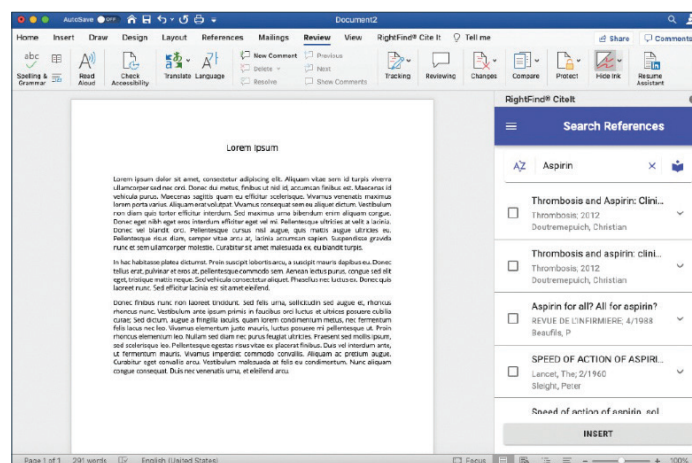

Use one solution, RightFind Enterprise, for reference management and document ordering
