RightFind Suite
Growth Bundle
for small & medium businesses

The complete literature management solution your growing company can trust for an effective scientific content strategy today and tomorrow.

The RightFind Suite Growth Bundle provides the tools small to mid-size companies need to efficiently access, organize and collaborate on scientific content, including semantic search across authoritative sources, instant access to most articles, and easy reference management.

Benefits

- Instant document delivery for most content means you have access to scientific content when you need it

- Search for and find the most relevant content with semantic searching powered by MeSH or ChEMBL

- Spend less time searching multiple places for relevant content

- Reduce the likelihood of copyright infringement with integrated rights info

- Gain deep insight into content usage to make data-driven decisions

- Accurately formats citations in over 10,000 styles in Microsoft Word and PowerPoint documents, letting you focus on your work

Growth Bundle
Powerful capabilities to drive innovation

Semantic search across multiple authoritative data sources

Robust searching with the National Library of Medicine's MeSH vocabulary offers a simple access to synonyms, facilitates comprehensive searches and improves relevance of search results.

Supports copyright awareness, including internal AI rights checking

The only literature management solution on the market that offers accurate, up-to-date information on how content can be used under your CCC copyright license, helping companies reduce the likelihood of copyright infringement

Content usage analytics

Integrated, real-time reporting on document delivery usage and spend data to create powerful visualizations that demonstrate ROI for data-driven budget planning.

Modern PDF reader

A modern reading experience makes it easy to read, annotate and organize articles and other content.

Reference management

Powerful features that make it easy to organize your citations so you can find them later and collaborate on published content with colleagues effectively. Accurately formats citations in over 10,000 styles in Microsoft Word and PowerPoint documents, letting you focus on your work.

"Ends of the Earth" service

Our Advanced Referencing Services team procures content from across the world, so you can gain access to the content you need when you need it, even rare and hard to find documents

Digital Library

Get instant access to content ordered by your colleagues that has been added to your company's Digital Library and stored for reuse

Search alerts

Get automatically notified when new content matches your areas of interest so you don't have to manually re-run searches to stay on top of literature of interest
